

CONTENTS

Issue DOI <https://doi.org/10.31649/1997-9266-2024-175-4>

AUTOMATION AND INFORMATION-MEASURING EQUIPMENT

- Zakusilo S., Bereznychenko V.** Analysis of the Skewness of the Electrodes of Runout Capacitive Sensor of Hydro Generators Condition Monitoring System Impact on its Conversion Function..... 7
- Trishch H., Katrych O., Khimicheva H., Cherniak K., Huzov D., Bosenko D.** Qualimetric Method of Product Quality Assessment..... 15

ENERGY GENERATION, ELECTRIC ENGINEERING AND ELECTROMECHANICS

- Kuchanskyy V., Zaitsev I., Kovalenko O.** Analysis of Experimental Estimates Power Corona Losses on Overhead Intersystem Power Transmission Lines 22
- Kulapin O., Makhotilo K.** Selection of Optimal Battery Capacity of the Household Prosumer 30
- Los A., Veligorskyi O.** Evaluation of Combined Power Supply of Continuous Surveillance Systems Based on Drones 37
- Razinkov V.** Determination of Solar Radiation Intensity as a Key Factor for Predicting the Operation of Photoelectric Panels 47
- Kachan Yu., Shram O.** On the Structure of Energy-Efficient Power Grid of an Industrial Enterprise with Distributed Generation Sources 54
- Burbelo M., Kravec O., Loboda Yu., Slobodian R.** Simulation of Soft Open Point under Random Character of Load 60

INFORMATION TECHNOLOGIES AND COMPUTER ENGINEERING

- Mokin B., Voitsekhovska O., Sobchuk N., Bondarchuk O.** Equivalent Models of Random Data Distribution Functions 66
- Kulyk L., Mokin O.** Methods for Ensuring Consistent Generation in Diffusion Models 75
- Kovalenko V., Bukasov M.** Scheduling Methods and Models for Kubernetes Orchestrator 86
- Komenchuk O., Mokin O.** Information Technology for Accelerated Annotation of Medical Images in Segmentation Tasks Based on Deep Learning Models 95
- Malinovskyi V., Kupershtein L., Lukichov V., Dudat'ev A.** Problems and Approaches to Increase the Cybersecurity Level in the Data Transmission Channels of the Internet of Things Systems and Devices 104
- Morozov A., Levkivskyi V., Piontkivskyi V.** Image Recognition Using Bayesian Networks 115
- Savranska A., Shevchuk M.** Construction of a State Vector Observer for a Discrete Inventory Management System 122
- Chepel L., Boyko Y.** Approach to the Security and Organization of IoT Networks Using Blockchain Technology 129
- Kudryk O., Bisikalo O., Zditovetskiy Yu.** Methods of Fine-Tuning of Artificial Intelligence 139

MECHANICAL ENGINEERING AND TRANSPORT

- Bosyi D., Sablin O., Potapchuk I.** Increasing the Security Level of Critical Transport Infrastructure Facilities Based on Geospatial Analysis of Acoustic Portraits of Air Threats 147
- Vasyliov O., Yakovenko A.** Mathematical Model of Vibration Machine with Vibration Exciter, in which the Axis of Unbalanced Shaft is Perpendicular to the Direction of Movement 157

STRATEGY, CONTENT AND NEW TECHNOLOGIES OF TRAINING SPECIALISTS WITH HIGHER TECHNICAL EDUCATION

- Volkov V., Marmut I., Volkova T., Kuzhel V., Vishtak I.** Features of Creating the Curriculum for the Students of the Second Level of the Specialty «Road Transport» 163

JUBILEES

- Professor **Viktor V. Bilichenko** — 65th anniversary 170
- Professor **Leonid K. Polischuk** — 70th anniversary 172
